International Public Notice

Our Suveran aniuima – We are the lands, and the lands are us!
The lands belong to the people and the people belong to the lands.

The only lawful Authority on the lands unofficially labelled as 'Australia' is Customary Tribal Lore. The purported Australian Government (inc. the Commonwealth of Australia) is NOT abiding by Lore of the Land. The labelled "Australian Government" is *functus officio* and has been Ordered to stand down.

Law Maxim: First in time, first in right.

Peace was invoked for all the people here by the highest authority, the Tribal Senior Lore Elders.

The allodial, allodium, rightful sovereign autochthonous peoples of these lands.

We now provide transition of (and for) life on our Continent via our overarching Counsel of elders from right across the continent, our new collective seed of Governance Lore-way:

Nmdaka Dalai Australis

Suveranty in our great Southern lands has never been ceded. Before 1770 these lands were at Peace..

Original peoples are NOT subject to "AUSTRALIA". We are Suverans of the lands!

Our Nations, Clans and Tribes all come together as one. Now we walk with all people of these lands who are in peace, truth, Lore/Law, harmony and unity of our self-governing tribal states by ancient customary Lore circle:

Nmdaka Dalai Australis. In our ancient tongue means:

Our Southern Lands

We do so inside Internationally recognised customary law. In the Law of the lands.

We the people belong to the lands and the lands belong to us. All of us. We the people of the Continent are the only primary Authority for good and responsible Governance over our lands.

On 12 March 2024 the Australian Department of Foreign Affairs, Federal Police, Federal and State Governments and Councils have been served our DMZ Proclamation (and after many years of lawful Notices). Consent has never been given for any of these operators to administer here! We reserve the Right under our Lore to manage our own affairs.

Our Demilitarized Zone proclamation is LORE for our entire lands and Continent, the Law of Peace. From Superior jurisdiction and highest Authority over the lands. We are one and we are at Peace.

ANY and ALL activities of trade, commerce, immigration or otherwise (that is ALL purposes: (Australian) Courts, Judiciary, Executive, Unions, Trusts, Churches, Associations, Councils, Societies, Military, Policing, Banking, Insurances, Corporations and each man and woman, must seek standing from Nmdaka Dalai Australis to remain here on our aniuima (collective lands). It is incumbent on each man and woman to come out of the fraud, corruption, deception and criminality at all levels. Foreign Nations with historical diplomatic ties to 'Australia' should contact our Office of the Ministry of Foreign Affairs, NDA to re-establish a lawful connection.

Everyone shall comply with the lawful direction of the Highest Authority of our lands and those who are internationally recognised as the Suverans of our continent. Ykja wani mida!
